BIBLIOGRAPHY

The following compilation lists the books reviewed in the *Journal*, and books and articles mentioned under the headings ‘**Bibliography**’, ‘**Bookshelf**’, ‘**Literature to look for**’, ‘Hon. Secretary’s notes’, ‘Published literature’, etc. It is not intended to be a complete bibliography. The subjects covered in books and articles that have been reviewed are included in the Subject Index, but this has not been done in the case of every article listed as recommended reading as the subject matter in some cases is very general and in others is purely historical. In order to facilitate use of this compilation, key words in all titles are highlighted. Minor corrections have been made to titles, pagination, etc. Part II of the Handbook (Literature of Southern Rhodesia to Zimbabwe 1924-1998) should also be referred to.
