

STUCK IN THE MUD – AGAIN !

IN THE EARLY DAYS, BULAWAYO : The picture shown on the postcard is that of an overturned waggon which had got stuck in a mud hole – returning to Bulawayo with a load of firewood.

This postcard was published by Geo. C. Brown, Stationer, Bulawayo (circa 1908) from a photograph taken by E.S.B. Mercer several years earlier.

This photograph was first used in a series of coloured postcards published by Mr. Mercer in 1902. It is believed that Mr. Brown obtained some of Mr. Mercer's photographic stock following upon the latter's death in December 1905.
