

Prospecting Licences

All prospectors were required to have a licence. The 1890 Ordinance detailed the conditions for obtaining such a Licence at a cost of 1/- . A miner was only entitled to take out one 1/- licence. This entitled him to peg one block of ten claims each 1500ft. by 400ft. If he required additional licences he could apply for a Special Licence or later an Extra Licence (see next section).

FIRST SCHEDULE.

MASHONALAND MINING REGULATIONS, No. 1. 1890.

Application for Prospecting License.

3. Any person shall be at liberty to take out at the office of any Mining Commissioner in the territory aforesaid, a license to prospect or search for precious metals within the said territory; which license shall be in the form in the First Schedule hereto, and shall bear a stamp of the value of one shilling.

THE BRITISH SOUTH AFRICA COMPANY.

ORDINANCE No. 1 of 1901

10. Any person of full age authorised by the Administrator, or any company so authorised, may take out a prospecting licence or licences on application to any Mining Commissioner. Each such licence shall be in the Form No. 1, in the Schedule to this Ordinance and shall bear a stamp of the value of One Pound.

In 1901 the cost of a licence was increased to £1 as per Ordinance 1 of 1901. At this time Extra Licences ceased to be issued. The 1901 Ordinance also introduced a Special £1 Coal Mining Licence, previously the 1/- licence had covered one coal location.
